

DOCKET NO. SC12856TP

REMARKS

In an Office Action mailed April 5, 2004, pending claims 1-25 were made the subject of an election. Two inventions were identified. In response Applicants are herein electing claims 1-22 of Invention II and are canceling claims 23-25 of Invention I wherein the right to file a subsequent divisional application claiming the non-elected invention is reserved. The title of the application is herein amended to reflect that the pending claims are directed to a method rather than to both a method and a semiconductor device. No change in inventorship results from this election and no additional fees are required. Applicants continue to authorize the charging of Deposit Account No. 503079 (Freescale Semiconductor, Inc.) for any amount that is owed in connection with this application.

Applicants respectfully request consideration of the amendments and the allowance of claims 1-22, thereby placing the application in condition for allowance. Should issues remain that might be subject to resolution through a telephonic interview, the Examiner is requested to telephone the undersigned at (512) 996-6839.

Respectfully submitted,
